

Muddy Boots Pre-School

Safety and Suitability of Premises, Environment and Equipment – Health and safety general standards (including COVID-19 procedures)

Safety and Suitability of Premises, Environment and Equipment

Health and safety general standards (including COVID-19 procedures)

Policy statement

This setting believes that the health and safety of children is of paramount importance. We make our setting a safe and healthy place for children, parents, staff and volunteers.

- We aim to make children, parents and staff aware of health and safety issues and to minimise the hazards and risks to enable the children to thrive in a healthy and safe environment.
- Our members of staff responsible for health and safety are : Elaine Allen and Phoebe Ludwig

We display the necessary health and safety poster in the entrance lobby. We ensure that each member of staff is;

- competent to carry out these responsibilities;
- has undertaken health and safety training and regularly updates her knowledge and understanding.

Insurance cover

We have public liability insurance and employer's liability insurance. The certificate for public liability insurance is displayed in:

Entrance Lobby

Procedures

Awareness raising

- Parents and carers are asked to read our "Parents/Carers code of practice" when attending their child's settling in sessions or "Stay and Play" sessions.
- Our induction training for staff and volunteers includes a clear explanation of health and safety issues so that all adults are able to adhere to our policy and procedures as they understand their shared responsibility for health and safety. The induction training covers matters of employee well-being, including safe lifting and the storage of potentially dangerous substances.
- Records are kept of these induction training sessions and new staff and volunteers are asked to sign records to confirm that they have taken part.

Muddy Boots Pre-school – Policy Document

- Health and safety issues are explained to the parents of new children so that they understand the part played by these issues in the daily life of the setting.
- As necessary, health and safety training is included in the annual training plans for staff, and health and safety is discussed regularly at staff meetings.
- We operate a no smoking policy.
- Children are made aware of health and safety issues through discussions, planned activities and routines.

Windows

- High level windows are made from materials that prevent accidental breakage or are made safe.
- Windows are protected from accidental breakage or vandalism from people outside the building.
- We ensure that any blind cords are secured safely and do not pose strangulation risk for young children.

Doors

- We take precautions to prevent children's fingers from being trapped in doors.

Floors

- All floor surfaces are checked daily to ensure they are clean and not uneven, wet or damaged. Any wet spills are mopped up immediately.
- Walkways are left clear and uncluttered.

Electrical/gas equipment

- We ensure that all electrical/gas equipment conforms to safety requirements and is checked regularly.
- Our boiler/electrical switch gear/meter cupboard is not accessible to the children.
- Fires, heaters, electrical sockets, wires and leads are properly guarded and we teach the children not to touch them.
- Storage heaters are checked daily to make sure they are not covered.
- There are sufficient sockets to prevent overloading.
- We switch electrical devices off from the plug after use.
- The temperature of hot water is controlled to prevent scalds.

Muddy Boots Pre-school – Policy Document

- Lighting and ventilation is adequate in all areas of our setting, including storage areas.

Storage

- All our resources and materials which are used by the children select are stored safely.
- All our equipment and resources are stored or stacked safely to prevent them accidentally falling or collapsing.

Outdoor area

- Our outdoor area is securely fenced and gated in the surrounding area of the local school. The gated outdoor area is shared by the school and visitors. Staff make sure that children are aware of the rules when playing outdoors.
- Our outdoor area is checked for safety and cleared of rubbish, animal droppings and any other unsafe items before it is used.
- Adults and children are alerted to the dangers of poisonous plants, herbicides and pesticides.
- The local school pool is securely covered or otherwise guarded when the pre-school are playing in the outdoor area.
- Where water can form a pool on equipment, it is emptied before children start playing outside.
- Our outdoor sand pit is covered when not in use and is cleaned regularly.
- We check that children are suitably attired for the weather conditions and type of outdoor activities.
- All outdoor activities are supervised at all times.
- Outdoor checks are done by a member of staff who check a list and sign it before the children go out to play.

Hygiene

- We regularly seek information from the Environmental Health Department and the Health Authority to ensure that we keep up-to-date with the latest recommendations.
- Our daily routines encourage the children to learn about personal hygiene.
- We have a daily cleaning routine for the setting which includes main entrance lobby, play room, kitchen, toilets and nappy changing areas. The check list is kept on the kitchen wall. Children do not have access to our kitchen.
- We employ a cleaner who attends once a week for other cleaning duties.

- The cleaning of resources and equipment, dressing-up clothes and furnishings is done at the end of Term 6 or when necessary.
- The toilet area has a high standard of hygiene for hand washing and drying and the disposal of nappies, which are placed in a nappy disposal unit. This is emptied once a week by a professional hygiene company outside the setting.
- We implement good hygiene practices by:
 - cleaning tables between activities;
 - cleaning toilets regularly;
 - wearing protective clothing – such as uniform and disposable gloves – as appropriate;
 - providing sets of clean clothes;
 - providing tissues and wipes; and
 - ensuring individual use of paper towels;
 - wearing an apron and tying back long hair when preparing snacks, and;
 - adopting a kitchen opening/closing procedure which is followed daily.

COVID -19 infection control

Please refer to our policy and procedures 6.2 for managing sickness and infectious diseases;

We implement strict procedures which include:

- Staff will wear PPE (Personal Protect Equipment) of facemask, face shield, disposable gloves, and disposable aprons for intimate caregiving such as nappy changes. Guidance on the correct fitting and wearing of facemasks will be provided to staff. Children will not be asked to wear PPE.
- When staff and children arrive at the setting, they will wash their hands. Frequent handwashing will be carried out by staff and children throughout the day. Staff and children to wash their hands before exiting the building. Handwashing will be supervised.
- During lunch and snack times, the 2-metre social distancing rule will apply to minimize the risk of sharing food or utensils.
- The room will be naturally ventilated by open windows.
- We will encourage outdoor play as much as possible.
- The keypad door will remain secure and cleaned frequently.
- Thorough cleaning will take place after each session and rubbish will be removed. Toilets will be cleaned frequently throughout the day. Door handles, tables and hard surfaces will be cleaned throughout the day in line with our cleaning rota. All completed cleaning is recorded and filed.
- All working staff to complete Infection Prevention in Early Years training.
- Any child or member of staff with symptoms of coronavirus must not attend Muddy Boots and should follow the government guidelines for isolating at home.
- Any child displaying symptoms during the session will be isolated from the group but remain with a member of staff wearing PPE (Personal Protective Equipment). The child will not be asked to wear a mask or other PPE. Parents will be asked to collect the child immediately.

- Staff with symptoms will be asked to leave the premises immediately and isolate at home pending testing if available.

Activities and resources

- Before purchase or loan, equipment and resources are checked to ensure that they are safe for the ages and stages of the children currently attending the setting.
- We keep a full inventory of all items in the setting for audit and insurance purposes.
- The layout of play equipment allows adults and children to move safely and freely between activities.
- All equipment is regularly checked for cleanliness and safety and any dangerous items are repaired or discarded.
- We make safe and separate from general use any areas that are unsafe because repair is needed.
- All materials, including paint and glue, are non-toxic.
- Sand is clean and suitable for children's play.
- Physical play is constantly supervised.
- Children are taught to handle and store tools safely.
- Children who are sleeping are checked regularly.
- Children learn about health, safety and personal hygiene through the activities we provide and the routines we follow.
- Any faulty equipment is removed from use and is repaired. If it cannot be repaired it is discarded.
- Large pieces of equipment are discarded only with the consent of the manager and the chairperson or owner.

Jewellery and accessories

- Our staff do not wear jewellery or fashion accessories, such as belts or high heels that may pose a danger to themselves or children.
- Parents must ensure that any jewellery worn by children poses no danger; particularly earrings which may get pulled, bracelets which can get caught when climbing or necklaces that may pose a risk of strangulation.

Muddy Boots Pre-school – Policy Document

- We ensure that hair accessories are removed before children sleep or rest.

Safety of adults

- We ensure that adults are provided with guidance about the safe storage, movement, lifting and erection of large pieces of equipment.
- We provide safe equipment for adults to use when they need to reach up to store equipment or to change light bulbs.
- We ensure that all warning signs are clear and in appropriate languages.
- We ensure that adults do not remain in the building on their own.
- We record the sickness of staff and their involvement in accidents. The records are reviewed termly to identify any issues that need to be addressed.

Control of substances hazardous to health

- We implement the current guidelines of the *Control of Substances Hazardous to Health Regulations (COSHH)*.
- We keep a record of all substances that may be hazardous to health - such as cleaning chemicals, or gardening chemicals if used and where they are stored.
- Hazardous substances are stored safely away from the children.
- We carry out a risk assessment for all chemicals used in the setting. This states what the risks are and what to do if they have contact with eyes or skin or are ingested.
- We keep all cleaning chemicals in their original containers.
- We keep the chemicals used in the setting to the minimum in order to ensure health and hygiene is maintained. We do not use:
 - bleach;
 - anti-bacterial soap/hand wash, unless specifically advised during an infection outbreak such as Pandemic flu or COVID-19; or
 - anti-bacterial cleaning agents, except in the toilets, nappy changing area and food preparation areas. Anti-bacterial sprays are not used when children are nearby.
- Environmental factors are taken into account when purchasing, using and disposing of chemicals.
- All members of staff are vigilant and use chemicals safely.

- Members of staff wear protective gloves when using cleaning chemicals.

Legal framework

- Health and Safety at Work Act (1974)
- Management of Health and Safety at Work Regulations 1999
- Electricity at Work Regulations 1989
- Control of Substances Hazardous to Health Regulations (COSHH) (2002)
- Manual Handling Operations Regulations 1992 (as amended 2004)
- Health and Safety (Display Screen Equipment) Regulations (1992)
