Muddy Boots Pre-school CIO – Policy Document

Information and Records

Children's records

Policy statement

We have record keeping systems in place that meet legal requirements; the means we use to store

and share that information takes place within the framework of the Data Protection Act (2018) and

the Human Rights Act (1998).

This policy and procedure should be read alongside our Confidentiality and Client Access to Records

Policy and our Information Sharing Policy.

Procedures

If a child attends another setting, we establish a regular two-way flow of appropriate

information with parents and other providers. Where appropriate, we will incorporate

comments from other providers, as well as parents and/or carers into the child's records.

We keep two kinds of records on children attending our setting:

Developmental records

These include observations of children in the setting, photographs, video clips and samples of

their work and summary developmental reports.

These are maintained using the Tapestry online system and can be accessed, and contributed to,

by our staff, the child and the child's parents, using secure individual passwords.

Personal records

These may include the following (as applicable):

Personal details – including the child's registration form and any consent forms.

Contractual matters – including a copy of the signed parent contract, the child's days and times

of attendance, a record of the child's fees, any fee reminders or records of disputes about fees.

Child's development, health and well-being – including a summary only of the child's EYFS profile

report, a record of discussions about every day matters about the child's development health

and well-being with the parent.

Jubilee Drive, Walgrave, Northampton, NN6 9PH. Tel: 01604 781838 Ofsted URN: 2800521 Registered CIO No: 1207935

<u>Early Support</u> – including any additional focussed intervention provided by our setting (e.g.

support for behaviour, language or development that needs a SEND action plan) and records of

any meetings held.

Welfare and child protection concerns – including records of all welfare and protection concerns,

and our resulting action, meetings and telephone conversations about the child, an Education,

Health and Care Plan and any information regarding a Looked After Child.

Correspondence and Reports – including a copy of the child's 2 Year Old Progress Check (as

applicable), all letters and emails to and from other agencies and any confidential reports from

other agencies.

These confidential records are stored in a lockable file or cabinet, which is locked when not in

use. All storage for confidential records is within an office with a locked door.

The manager reads any correspondence in relation to a child, makes a note any actions and files

all paperwork and records immediately.

The manager ensures that access to children's files is restricted to those authorised to see them

and make entries in them, this being the manager, deputy manager or designated person for

child protection, the child's key person, or other staff as authorised by the manager.

We may be required to hand children's personal files to Ofsted as part of an inspection or

investigation process; or to local authority staff conducting a S11 audit, as long as authorisation

is seen. We ensure that children's personal files are not handed over to anyone else to look at.

Parents have access, in accordance with our Confidentiality and Client Access to Records Policy,

to the files and records of their own children, but do not have access to information about any

other child.

Our staff will not discuss personal information given by parents with other members of staff,

except where it affects planning for the child's needs. Our staff induction programme includes an

awareness of the importance of confidentiality in the role of the key person.

We retain children's records for three years after they have left the setting; except records that

relate to an accident or child protection matter, which are kept until a child reaches the age of

21 years or 24 years respectively. These are kept in a secure place.

Archiving children's files

When a child leaves our setting, we remove all paper documents from the child's personal file

and place them in a robust envelope, with the child's name and date of birth on the front and

the date they left.

We seal this and place it in an archive box, stored in a safe place (i.e. a locked cabinet) for three

years. After 3 years, it is destroyed.

Where there were s.47 child protection investigations, we mark the envelope with a star and

archive it for 25 years.

We store financial information according to our finance procedures.

Other records

We keep a daily record of the names of the children we are caring for, their hours of attendance

and the names of their key person.

Students on Early Years Alliance or other recognised qualifications and training, when they are

observing in the setting, are advised of our Confidentiality and Client Access to Records Policy

and are required to respect it.
