Muddy Boots Pre-School

Oral Health

Review Date:	**SEE COMMITTEE POLICY REVIEW SCHEDULE**

Oral Health

Policy Statement

The setting provides care for children and promotes health through promoting oral health and hygiene, encouraging healthy eating, healthy snacks and tooth brushing.

- Fresh drinking water is available at all times and easily accessible.
- Sugary drinks are not served.
- Only water and milk are served with morning and afternoon snacks.
- Children are offered healthy nutritious snacks, with no added sugar, wherever possible.
- Parents are discouraged from sending in confectionary as a snack or treat.
- Staff follow information within the Early Years Foundation Stage nutrition guidance

Where children clean their teeth when at the setting

This is not standard practice within our setting, but may sometimes be necessary for individual health reasons. Where applicable;

- Children are encouraged to brush their teeth as part of the daily routine. Teeth should not be cleaned for at least one hour after a meal as this can cause loss of enamel.
- Each child has their own toothbrush, which is stored individually to prevent accidental contact and cross contamination.
- A small amount of toothpaste is put onto a blue paper towel before applying to the brush to prevent cross contamination.
- Toothbrushes are cleaned at each session and sterilised weekly in Milton or similar disinfecting fluid.
- Toothbrushes are changed every three months and provided by parents.
- Oral hygiene activities are included in planning every three months when toothbrushes are changed.
- The setting co-ordinates with local oral health and ensure procedures are reviewed regularly, additional guidance from the local team may be added to this procedure.

Pacifiers/dummies

- Parents are *advised* to stop using dummies/pacifiers once their child is 12 months old.
- Dummies that are damaged are disposed of and parents are told that this has happened
